

OYO iPad APP Card

(on your own)

Step 1

Open the app below on your iPad.

Step 2

Pretend you are the teacher and you have to help some students with their math homework. Using your finger as a drawing tool, create math problems and explain how they are solved. Record your narration.

Step 3

Save your ShowMe.

Step 4

Name your ShowMe with YOUR NAME and THE DATE.

Step 5

Choose a topic (math) and click done adding topics.

Step 6

Show your ShowMe to at least one other person.

Step 7

Write your name and date on the back of this card!
